

YACHT WHEELS

Connecting You With Your Passion™

CARBON / WOOD LAMINATED WHEEL

Edson's Carbon / Wood Laminated Wheel features alternating layers of Teak, Holly and Carbon Fibre to form a unique blend of traditional and modern building materials. Hand built by master craftsmen, each wheel is custom built to your specifications. You can choose wood to match your boat's brightwork, deck or interior styling. Custom faceplate engraving is available and we can custom design a carbon inlay to match the style of your yacht. These wheels are coated with multiple layers of clear Awl-Grip® for a mirror finish and are available with or without Edson's wheel clutch. Specifically engineered to work with Edson's Multi-Mode Geared Steerers.

Features:

- Hand Built by 3rd Generation Master Craftsmen
- Solid carbon fiber interior layers for added strength
- Integral Hub Clutch optional
- 48" (1220mm) diameter standard, other sizes 40" to 80" on custom order
- Clear coat Awl-Grip® for a mirror finish
- Y-Spoke design at wheel rim for comfortable grip.
- Mates to 5 bolt flange or Edson Flange Adapter.
- Order #653-48

Custom Faceplate engraving available
