

These beautifully crafted wheels are designed to provide years of service and pleasure to the boat owner who appreciates fine workmanship.

Created by third-generation master craftsmen, the skills and artistry that go in to making these wheels have been passed down from generation to generation, ensuring a consistency and quality that can only be attained by the hand-crafted talents of their builders. Individually handmade from thoroughly seasoned stock and the highest quality marine-grade bronze and aluminum.

Although extremely elegant, Edson's Traditional Wheels are not just showpieces for a wall. They are handcrafted to the highest offshore-quality standards, and will provide years of service for the classic yacht. They feature solid teak spokes and fellows rigidly secured with stainless fasteners and holly bungs. Teak is carefully selected for matching grain and color.

Classic Teak Yacht Wheel

Classic Teak Yacht Wheel

Edson's Classic Teak Yacht Wheel is the original. In production for over 125 years, this is a wheel that belongs on any classic yacht or stately passagemaker.

- Offshore-quality wheel.
- Solid teak spokes and fellows rigidly secured with stainless fasteners and holly bungs.
- Hub available in Polished Bronze or Chrome.
- Delivered fully varnished.
- 1" (2.5cm) straight bore only.

Order #601

Specify Bronze (BR) or Chrome(CH) Hub

(See ordering guide for sizes)

Teak Yacht Wheel w/ Teak Rim

Teak Yacht Wheel with Teak Rim

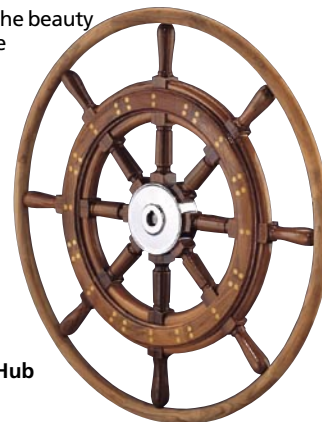

Edson's Teak Yacht Wheel combines the beauty of the traditional teak wheel with the functionality of a destroyer wheel.

- Laminated 1" dia. Teak Destroyer-type rim installed with stainless fasteners and holly bungs on the solid teak spokes.
- Hub available in Polished Bronze or Chrome.
- Delivered with varnished inner rim and spokes. Outer rim is unfinished, ready for each individual's preferred finish.
- 1" (2.5cm) straight bore only.

Order #603
