TEAK RIM DISHED DESTROYER WHEEL

Edson's Teak Rim Destroyer Wheels are warm to the touch, elegant in appearance and feather light. They feature hollow, tapered stainless spokes and a highly polished hub, just like their stainless cousins, but with an ergonomically shaped solid 1-1/4" (32mm) natural teak rim, sanded smooth, ready for the finish of your choice. These wheels are the perfect way to upgrade the look of any power boat helm or sailboat cockpit. They will add a beautiful centerpiece to your yacht.
